

Recycled PET Core Shorts with Pockets (Dye Sub)

Product Images

Description

For brands who want to care for the environment, now and into the future,

Create custom Shorts with Welt Pockets made from recycled polyester , a performance fiber made from plastic bottles.

Our RPET Micro Mesh fabric with Moisture Wicking technology has a soft handle and is a joy to wear.

Couple that with a Full Coverage, Vibrant Full Colour Dye Sublimation print, it's the perfect vehicle to represent your corporate image, brand or promotional message.

or....

Create your own fabric "design" or colour and then apply embroidery for your branding.

Choose from an assortment of Ladies, Mens or Kids sizes as well as Drawstring colours.
